Education, Training and Awareness

**ANNOUNCEMENT
ORDER SAFETY EQUIPMENT
NOW ONLINE AT NSHBA.ORG!**

NSHBA has a new "member benefit" on the NSHBA website nshba.org. As a member of NSHBA, you can order your safety equipment with just a click. Look for the logo on the home page of the website "[The Cure](#)" and click on the link. Orders will be sent directly to you. Just another way to save you time and money.

OFFERED BY NAHB – EDUCATIONAL WEBINARS
Learn Legal Tips, Plus Green Building Online -

Smart builders want to further their education, but logistics and lack of time can make learning complicated. Luckily, NAHB offers two of our popular courses LIVE online this fall!

With a focus on flexibility, a sound knowledge base and cost-effective solutions, [Green Building for Building Professionals Online](#) provides the tools for a successful green project, including a review of the ICC 700-2012 National Green Building Standard®. The course will take place on six consecutive Tuesdays from 1:00-3:00 PM ET, September 16, 23, 30 and October 7, 14, 21, 2014. **Member: \$305, Nonmember: \$460**

[Construction Contracts and Law Online](#) teaches how to protect your business with well-written contracts. Get a step-by-step explanation of how contracts sustain positive customer and supplier relations, resolve disputes, and minimize the risk of litigation. This course takes place on three consecutive Tuesdays from 1:00-3:00 PM ET, November 4, 11, 18, 2014. **Member: \$145, Nonmember: \$245.00**

Grow your education and your business—from your home or office. Register for Green Building for Building Professionals Online and Construction Contracts and Law Online today!

Compliance Safety: The AUTHORITY on Workplace Safety

**Top 10 most cited OSHA Violations – What
they really mean for you!**

Protect Your Business and Your Bottom Line

You'll learn how to pinpoint hidden or overlooked safety and health issues, address them, and become familiar with OSHA's Standards. You'll benefit financially as workers become more productive through a reduction in lost time and increased productivity. You'll save money as you reduce workers' compensation claims and costly insurance premiums. Best of all, you'll learn how to profit through a system that puts OSHA Standards to work for you! We'll even show you how to get your program funded \$\$\$\$...FREE!
